

1U Standard Chassis Cold Aisle Flame Retardant Manufacturer

AI Overview

1U standard chassis suitable for cold aisle environments are available from manufacturers like Advantech, Kontron, ELMA, and SUPERMICRO, with options for flame-retardant materials and optimized airflow.

1U Chassis Manufacturers

- Advantech offers 1U chassis with multiple configurations, including SATA hard drives, rackmount options, and redundant power supplies. These chassis are designed for server-grade IPC standards and include cooling fan designs to support continuous operation, making them suitable for cold aisle deployment .
- DirectIndustry lists 1U chassis from leading brands such as Kontron, ELMA, and SUPERMICRO, providing customizable options for network infrastructure, industrial, and military applications. Many of these chassis support airflow management and can be adapted for flame-retardant requirements .

Key Features to Consider

- Rackmount compatibility (19" standard)
- Redundant power supply support
- Cooling fan integration for continuous operation
- Flame-retardant materials or coatings for safety compliance
- Customizable cutouts for I/O, Ethernet, or expansion cards
