

Belgian Fire-Resistant Fiberglass Cable Tray Manufacturer

AI Overview

Trayco and EFG Composites are key Belgian manufacturers offering fire-resistant fiberglass cable trays and complete cable management solutions.

Trayco – Belgian Expertise in Cable Management

Trayco is a 100% Belgian company specializing in cable trays, mesh trays, cable ladders, and mounting systems. Founded in 2012, Trayco provides customized solutions and advisory services for industrial and commercial installations, ensuring the correct materials and configurations for fire-resistant and durable cable support systems (Trayco), . Their products are designed for optimized cable management, with a focus on quality, installation support, and tailored solutions for complex projects.

EFG Composites – Fiberglass and Fire-Resistant Systems

EFG Composites manufactures fiberglass-reinforced (FRP/GRP) cable trays designed for critical and corrosive environments. Their products include ladder-type and perforated cable trays made from pultruded fiberglass sections with polyester or vinylester resins, incorporating UV stabilizers and surfacing veils for corrosion resistance (EFG Composites), . These trays are fire-resistant, durable, and lightweight, providing a safe alternative to traditional steel trays. EFG also offers a wide range of fittings and accessories, including bends, tees, reducers, and coupler plates, suitable for both small and large-scale industrial projects.
