

Domestic manufacturers of network security equipment

AI Overview

Key U.S.-based manufacturers of network security equipment include Cisco Systems, Napco Security Technologies, and Berkeley Varitronics Systems, Inc.

Major Domestic Manufacturers

Cisco Systems – Headquartered in San Jose, California, Cisco is a global leader in networking and cybersecurity solutions. Their product portfolio includes next-generation firewalls, intrusion prevention systems, secure routers, and advanced threat intelligence platforms, serving enterprises, service providers, and small businesses . Napco Security Technologies, Inc. – Based in the United States, Napco specializes in security systems for both commercial and residential applications. Their offerings include intrusion detection, access control, video surveillance, and integrated network security solutions . Berkeley Varitronics Systems, Inc. – Founded in 1975 and headquartered in the U.S., Berkeley Varitronics manufactures wireless security devices, Bluetooth locators, 4G LTE public safety signal meters, and cybersecurity training tools, focusing on both hardware and software solutions for network protection . Rohde & Schwarz USA, Inc. – While the parent company is German, the U.S. branch develops and distributes network security and secure communications products domestically, including solutions for cybersecurity, secure networking, and threat detection .
