

French fiber optic communication manufacturers

AI Overview

FOLAN, IDIL Fibres Optiques, LUXERI, and Axon' Cable are among the leading French manufacturers specializing in fiber optic communication solutions.

Key Manufacturers

FOLAN is a prominent French specialist in passive optical fiber components, serving core networks, FTTx deployments, data centers, and industrial applications. Established in 1988, FOLAN designs, engineers, and manufactures its own solutions, including optical patch panels, splicing trays, and connector assemblies, with customization available on demand. The company also offers rental services for fusion splicers and OTDRs, and maintains a certification and validation laboratory, making it a major player in France and internationally (Europe, Middle East, Africa) . IDIL Fibres Optiques is a Breton SME recognized for its expertise in fiber optic and laser technologies. The company focuses on the design, development, manufacturing, and distribution of fiber optic components and laser systems, serving both telecommunications and industrial markets . LUXERI specializes in custom manufacturing of fiber optic lighting solutions, optical guides, and optical cables for diverse applications. With over 20 years of experience, LUXERI provides tailored solutions for both commercial and industrial fiber optic needs . Axon' Cable is an international group with over 60 years of experience in designing and manufacturing cables and interconnection systems for advanced electronics, including fiber optic cables. The company serves a wide range of sectors, from telecommunications to high-tech industries .
