

How to match a power distribution box in Burundi

Overview

Burundi uses power plugs and sockets of Type C and Type E, with a standard voltage of 220 V and a frequency of 50 Hz. If your devices are compatible with these specifications, you will not need a power adapter. Since type F plugs are identical to type E plugs, they can also be used with type E sockets. Both countries used to be. Looking for a trusted source to buy Lightning Protection In Burundi?
