

How to match baseboards to beveled cabinet doors

Overview

If your baseboards feature a beveled or ornate design, your door trim should reflect a similar profile for harmony. Mixing drastically different styles can make the space feel disjointed or unfinished. Keeping consistent detailing ties all elements together, creating a polished and. Learn how to match trim with baseboards and doors using the right styles, colors, and proportions. Interior trim may seem like a finishing detail, but it plays a huge role in the overall design of a room. Your home's design is entirely up to you. Should they be the same color and style, or should you mix and match?

There are plenty of options, whether you like a traditional matching style or something. And speaking of baseboards, I don't know if I've ever shared with y'all my favorite baseboard combo, so here it is.
