

Malta Explosion-proof Distribution Box Production

AI Overview

Malta offers specialized manufacturers and suppliers of explosion-proof distribution boxes designed for hazardous industrial environments, compliant with international safety standards.

Key Manufacturers and Suppliers

- **Heatecx Limited – BR-3 Explosion-Proof Distribution Box** The BR-3 model is a standard explosion-proof distribution box suitable for electric heat tracing systems. It features a sturdy aluminum alloy enclosure, IP54 protection rating, and multiple safety mechanisms including overload, short-circuit, and ground leakage protection. It supports single-phase or three-phase input, with 1 to 12 output circuits, and can integrate digital or BJW-type thermostats for automatic control. It is designed for Class I, Zone 1 and 2 hazardous locations, ensuring safe power distribution in flammable or explosive atmospheres .
- **MAM – Ex Electrical Equipment** MAM specializes in explosion-proof electrical equipment for industrial applications, including distribution systems, control panels, junction boxes, and enclosures. Their products are ATEX and IECEx certified, designed to prevent ignition in explosive atmospheres, and suitable for industries such as oil & gas, petrochemical, mining, and pharmaceuticals. MAM provides custom-engineered solutions for OEMs, EPC contractors, and system integrators, ensuring compliance with international safety standards and operational reliability in harsh environments .
