

Middle East Outbound Optical Cable

AI Overview

The Middle East is a growing hub for fiber optic cable production and export, with key players in Saudi Arabia, UAE, Turkey, and Israel driving regional and international connectivity.

Market Overview

The Middle East's optical fiber, bundle, and cable market is projected to grow from 161,000 tons in 2024 to 193,000 tons by 2035, with a CAGR of 1.7%, while market value is expected to rise from \$2 billion to \$2.6 billion at a CAGR of 2.4% . Optical fiber cables account for over 90% of both consumption and production, highlighting their dominance in regional telecom infrastructure. Saudi Arabia and the UAE are the largest importers, while Turkey and Israel are the primary exporters .

Key Manufacturers

- Middle East Fiber Cable Manufacturing Co. (MEFC): A Saudi-Japanese partnership based in Riyadh, MEFC produces state-of-the-art fiber optic cables for telecom, oil & gas, transportation, and government sectors, serving both domestic and regional markets .
- Naficon Fiber Optic Manufacturing LLC: Based in Dubai, UAE, Naficon is part of a Finnish parent company and supplies fiber optic solutions for broadband, FTTH, and data centers across the Middle East . These manufacturers focus on high-quality, ISO-certified production, supporting both terrestrial and undersea cable projects.
