

Optical cable splicing manufacturers across the country

AI Overview

Several certified companies and contractor networks provide fiber optic and coaxial cable splicing services nationwide, including SpliceList, Schwartz Splicing LLC, Valhalla Industries, and specialized suppliers listed on ThomasNet.

Nationwide Contractor Networks

SpliceList connects project owners with certified fiber optic, copper, and telecom cable splicing contractors across the U.S. Users can search by city or state, filter by service type, and request quotes for standard or emergency projects. Services include fusion splicing, mechanical splicing, OTDR testing, and ribbon fiber deployment, with certified technicians ensuring minimal signal loss and compliance with industry standards. Fusion splicing costs typically range from \$50-\$150 per splice depending on fiber type and project complexity .
