

Price of Taipei Ladder Cable Trays

AI Overview

Ladder cable tray prices vary widely depending on material, size, and load capacity, typically ranging from \$20 to \$150 per meter for standard industrial types.

Factors Affecting Price

- **Material:** Ladder cable trays are commonly made from galvanized steel, stainless steel, aluminum, or fiberglass. Stainless steel and fiberglass are more expensive due to corrosion resistance and durability, while galvanized steel is more cost-effective.
- **Size and Load Capacity:** Tray width, rung spacing, and maximum load capacity significantly influence cost. Wider trays or those designed for heavy-duty industrial use are priced higher.
- **Finish and Coating:** Powder-coated or hot-dip galvanized trays offer better corrosion protection, which increases the price.
- **Accessories and Installation:** Couplers, bolts, nuts, and covers are often included in the system price. Custom lengths or additional fittings can raise the overall cost.

Typical Price Ranges

- Light-duty galvanized steel trays: \$20-\$40 per meter
 - Medium-duty aluminum or perforated steel trays: \$50-\$90 per meter
 - Heavy-duty stainless steel or fire-rated trays: \$100-\$150 per meter
- These prices are indicative and may vary based on supplier, order quantity, and shipping costs to Taipei.
