

Price of tray-type cable trays in Burkina Faso

AI Overview

Tray-type cable trays in Burkina Faso typically range from approximately \$15 to \$80 per meter, depending on material, type, and customization.

Overview

Tray-type cable trays, including perforated trays, ladder trays, and wire mesh trays, are widely used in industrial, commercial, and government projects in Burkina Faso for power, data, and telecommunications cabling. The price depends on several factors:

- **Material:** Galvanized steel is the most common and affordable, while stainless steel and aluminum are more expensive due to corrosion resistance and durability.
- **Tray Type:** Ladder trays are generally mid-range in cost, perforated trays slightly lower, and wire mesh trays can vary depending on mesh density and size.
- **Dimensions and Load Capacity:** Wider trays or those designed for heavy-duty industrial use cost more. Custom sizes or modular systems may increase the price.
- **Supplier and Logistics:** Local suppliers like Ned-Tech and Brilltech Engineers provide delivery across major cities such as Ouagadougou, Bobo-Dioulasso, and Koudougou, which can affect final pricing due to transport and bulk order discounts.

Estimated Price Range

- **Perforated Steel Trays:** \$15-\$35 per meter
- **Ladder-Type Trays:** \$25-\$60 per meter
