

Prices of Electro-galvanized Cable Trays in China

AI Overview

Electro-galvanized cable trays in China typically range from \$5 to \$25 per meter, depending on type, size, and customization, with bulk orders offering significant discounts.

Overview of Pricing

Electro-galvanized steel cable trays are widely used in industrial, commercial, and infrastructure projects due to their corrosion resistance and durability . Prices vary based on:

- Tray type: Wire mesh, ladder, perforated, solid-bottom, or U-shaped trays . Wire mesh trays are generally more cost-effective, while solid-bottom or ladder types are priced higher due to material and manufacturing complexity.
- Dimensions: Widths from 25mm to 200mm and varying lengths affect cost .
- Customization: OEM/ODM options, perforation patterns, coatings, and thickness adjustments can increase prices .
- Order volume: Bulk purchases often reduce per-meter costs, with suppliers offering factory-direct or wholesale discounts .

Typical Price Ranges

- Wire mesh trays: \$5-\$10 per meter for standard sizes .
- Perforated trays: \$8-\$15 per meter depending on width and thickness .
