

Spanish spot micro module IP68

Overview

Precision machined in 316 stainless steel or from copper the luminaire achieves IP68 water ingress rating for peace of mind. The Cree 1 watt max LED can be easily replaced if required or substituted for a colour LED. The LuxR Micro Spot is a miniature low-voltage dimmable outdoor spot light, with a 150mm spike for installing into soil. Ideal for illuminating small trees. It is also available a specific version for. The Light Shadow LED DOTS - Single Spot Module, Set of 1 Spot from FLOS adds a tasteful spot of downlight to inside spaces with elegant ease, well-suited to commercial or residential applications. Each kit is made to order in Spain from robust metal elements, designed to be emplaced and used. POOL SPOT requires a FLANGE accessory to anchor the fitting to the bottom of pools or fountains. Built-in DC/DC electronic voltage converter.
