

Which company makes the best fireproof ladder-type cable trays

AI Overview

Meka Pro and ELCON are among the leading manufacturers of fireproof ladder-type cable trays, offering tested, high-quality, and fire-resistant solutions.

Meka Pro

Meka Pro specializes in fire-resistant cable support systems that are rigorously tested according to the EN 1363-1 standard, ensuring that installed cables continue to function during a fire. Their product line includes over 1,200 fire-tested standard products, designed to withstand high temperatures without collapsing, while avoiding toxic flue gases. Meka Pro emphasizes compliance with international standards and proper installation practices, making their ladder-type cable trays suitable for critical infrastructure, industrial facilities, and rescue route safety.

ELCON

ELCON is a market leader in the design and manufacture of ladder-type cable trays, including fireproof and insulating variants. Their products are manufactured using advanced technology and fire-resistant materials, providing protection against heat, fire, and projections. ELCON offers a comprehensive range of ladder cable trays with ISO 9001:2015 certification, ensuring consistent quality and durability. Their systems are widely used in electrical and instrumentation setups, industrial plants, and commercial installations where fire safety is a priority.
